His father and brother Dominic sought to work on the west side of the city and now they cannot return home. Gerta, your sister and sister This is arrested in East Berlin. The years pass and resent the Russian oppressive and the separation of their Famãlia make the 12 years more than ready to take advantage of a dangerous chance when her father's smuggled tracks encourage her to dig a tinnese to the freedom. Nielsen, better known for her fantasy novels, proves that she is equally qualified in a history in this solidly structured and balanced account of the origins of an infamous historical landmark. GERTA is a sassy and determined heroãna, with fears and realistic frustration - as your desire for a banana. Distinguished support characters react differently to the Russian domain and demonstrate the distressing choices that people did to survive, encouraging readers to consider what they would have done if fate and the story had launched them in the story. The romance also is an intriguing story of the own Berlin wall, detailing how and why it was constructed and the first reactions of citizens. The opening of each chapter is an inspiring quotation on freedom and juxtaposed bravery to barbed wire illustrations; The end of the book alerts threateningly "the story is repeated." Veredict The strong scene of the novel and the tense clan to maintain the readers absorbed and holding the breath to the last paste.
